On-Line Signup by New Members by Ravi

The "issue" is that new members are not entering minimum information to create member on-line. As a result we are losing touch with them.

Discussions included that we need to streamline our process to collect more data! Otherwise we are losing members. However, it is OK to encourage existing members to pay on-line?

Dalayr brought-up that Jim is Key to this process; however, the sign-up is not actually on our site, but on PayPal's. Therefore, not confident that we have any control over what information is gathered. Dalayr offered to dialog with Jim, Ravi and himself the following weekend.
